September 2017

Dear Parents:

After evaluating various plans of voluntary student accident insurance, the Board of Education has selected the program of student health insurance provided by Bob McCloskey Insurance for your participation. This program provides broad coverage and comprehensive benefits. However, there are restrictions and limitations and you are urged to read the information that is posted on the Millbridge Elementary School website in the virtual backpack.

Your Board of Education considers this to be a very worthwhile plan of accident insurance, and we suggest that you consider it carefully. We feel it serves an important purpose in these times of inflating medical costs. You may choose round-the-clock, school time only, or no coverage.

If you choose to participate in this plan, please go on-line at [www.bobmccloskey.com](http://www.bobmccloskey.com) and follow the instructions.

The district will continue to provide an athletic insurance program for students who participate in interscholastic sports. This is a full excess plan which provides limited reimbursement according to a schedule, but only after all other available family insurance coverage is exhausted.

All questions concerning claims or the extent of coverage for any of the plans should be directed to Bob McCloskey Insurance at 800-445-3126.

Sincerely,

*Brian Brotschul*

Brian Brotschul  
Superintendent of Schools
